Up-close, casual and personal.

**Glaciers of Prince William Sound
4 Nights, 5 Days
Round Trip from Anchorage/Whittier**

Day 1

Arrive in Anchorage, transfer by motorcoach to Whittier

Spend the morning exploring Anchorage on your own before you travel by motorcoach via scenic Turnagain Arm to Whittier to board your ship. **BD**

Day 2

College Fjord and Esther Passage

Weather and conditions permitting, we'll have the opportunity to explore by inflatable craft. Wake up near the face of massive glaciers in College Fjord. You will ease close to the active glaciers that calve icebergs into the tidal waters below. Continue on to narrow Esther Passage, a waterway only navigable by small ship. Playful sea otters live here, often floating placidly on their backs in a bed of kelp, dining on shellfish. Explore serene Eaglek Bay. **BLD**

Day 3

Cordova

Make a port call at tiny Cordova. This fishing village, inaccessible by highway, has become world famous for its Copper River salmon. These delicious fish are caught in the pristine delta of the Copper River. Upon your arrival enjoy an included cultural experience highlighting the area's rich Native history. Optional wilderness tours include sea kayaking, hiking and river rafting. **BLD**

Day 4

Chenega Glacier and Knight Island

Today explore southwest Prince William Sound, where sculpted wilderness islands lie offshore from the craggy mountains of the Kenai Peninsula. Narrow Icy Bay leads toward a stunning glacier experience at the head of the fjord. Later, enjoy "gunkholing" around the nearby islands - a nautical term for poking around the next corner just to see what's there. **BLD**

Day 5

Arrive in Whittier & Transfer to Anchorage

After a cruise past a bustling black-legged kittiwake colony, disembark the Spirit of Columbia at Whittier. Transfer to motorcoaches for your trip via Turnagain Arm back to Anchorage. **B**
